STATE SELECTS ANTIOCH FOR FOREST PROJECT

To Plant 3,500 Trees in
Locations Here on
April 17-18

The state reforestation department has settled upon Antioch as the location for a forestry project to be carried on as a demonstration for this part of the state.

More than 3,500 trees will be planted here this spring, mainly on April 17 and 18, as the start of the project. Property owned by Dr. G. W. Jensen, well known veterinarian, and Antioch Township High school, north of highway 173, is being set aside for the demonstration.

In the Jensen land, 2,000 trees will be set out, and 1,500 are to be placed on the adjoining high school land east of the Soo Line tracks.

State Supplies Trees

According to information received by C. L. Kutil, vocational agriculture instructor of Antioch High school, all trees are to be furnished from the state-owned nurseries. Some of the trees have already arrived and are being held in storage awaiting the arrival of University of Illinois forestry expert, Prof. J. E. Davis, on April 17.

Students to Aid

The vocational agriculture students at the high school, under the direction of Mr. Kutil, will set out the trees.

H. C. Gikerson, Lake county extension agent, is co-operating with state and state university departments, and with the local land-owners concerned, in promoting the project.

The Future Farmers chapter of Antioch High school is also sponsoring it.

A blue-print supplied by the state forestry department, showing the location of the proposed plantings, is on view in the window of the Antioch News office.

Open to Public

A windbreak demonstration will be supervised by Mr. Davis on Monday morning, April 17, at Dr. Jensen's place. In the afternoon he will conduct reforestation work on the same property.

On Tuesday reforestation work will be conducted at Antioch High school. On Wednesday a windbreak demonstration will be conducted at the O. L. Raether farm on the state line, east of Antioch.

All of these events will be open to the public.

Rod and Gun Club Receives Pheasants

Three hundred and fifty pheasants were released by the Illinois state conservation department within a radius of 10 miles from Antioch this morning. The birds include the spring shipment allotted to the Antioch Rod and Gun club for propagation purposes, and other birds allotted to residents of the locality, including Walter Hills and C. L. Winters.

Members of the Antioch High School Rod and Gun club, with Dr. D. N. Deering, secretary of the Antioch Rod and Gun club, R. H. Childers, second vice-president, took part in releasing birds on the high school game refuge. Motion pictures were taken by L. O. Bright, principal, during the releasing of the birds.

Each of the pheasants is banded by the state, and a complete record of all birds released is carefully tabulated.

PAY MILITARY HONORS TO CIVIL WAR VETERAN

Benjamin Hamlin of Lake
Villa Is Taken by
Death, at 91

Military rites were held for Benjamin Hamlin, Lake Villa Civil War veteran, by patriotic organizations of Lake county at funeral services and afterward at the grave-side Tuesday afternoon.

Mr. Hamlin, who was one of the county's three surviving Civil War veterans, died Saturday in St. Therese hospital, just 29 days after he observed his ninety-first birthday.

Silas Nichols, a G. A. R. veteran and close friend of Mr. Hamlin, gave a short flag service as a part of the rites held at the Hamlin home in Lake Villa at 2 o'clock. An impressive patriotic service was conducted by the Woman's Relief corps of Waukegan. The Rev. Ira B. Allen was the officiating clergyman.

Members of the American Legion and the Relief corps marched afterward to Angola cemetery, where the firing squad of the Antioch Legion fired a salute and the Antioch bugler blew "taps." Members of the Fox Lake Legion post acted as pallbearers.

Born in New York State Benjamin Hamlin was born in Cataraugus County, State of New York on March 10, 1848.

At the age of three he came to Illinois by boat with his parents, who settled in the northern part of the state. The Civil War broke out when he was thirteen. Three of his brothers and three cousins enlisted, and this young patriot tried to enlist also, but was refused because of his youth. However, on the ninth day of March (one day before his seventeenth birthday) he enlisted as a private in Company H 156th regiment of Illinois Volunteer Infantry.

He was mustered out at Memphis, Tenn., on Sept. 20, 1865.

He came to Lake county when he was about 22 and worked on the farm of his brother-in-law, Edward White, who had settled in Lake county a few years previously.

Wed Veteran's Daughter In 1872 he married Amelia Litwiler, the daughter of a wagon-maker for whom he worked and who had also served in the army.

A family of three sons and two daughters grew up. Charles B., Fred T. and Frank M. Hamlin, now living at Lake Villa, carry on the business their father started more than 50 years ago.

Mrs. Hamlin died Sept. 21, 1922, at the age of 74 years.

A daughter, Mrs. John K. Cribb, died July 23, 1931, and Nellie Hamlin passed away on Dec. 27, 1934.

Surviving are seven grandsons and two granddaughters. The grandsons are Bernard C. Hamlin of Waukegan, Ben Cribb, Lester Hamlin, Frank Cribb, and John Cribb, Jr., of Lake Villa and Harold Cribb of Waukegan. The granddaughters are Jean Cribb and Bojan Hamlin of Lake Villa. Also surviving are seven great-grandsons and two great-granddaughters.

McMILLEN AND CHASE ELECTED TO H. S. BOARD

Defeat White and Mrs. H.
Osmond for Places on
Bd. of Education

James McMillen and Paul Chase were elected members of the Antioch Township High School board of education over George White and Mrs. Helen Osmond Saturday in an election which saw the biggest vote since 1931.

McMillen was a strong leader, with 564 voters lending him their support. Chase received 387 votes, giving him a fair margin over White, with 332, and Mrs. Osmond, with 370.

A total of 857 votes were cast—only five short of the all-time high in 1931, when the administration candidates, board members and school faculty members made a successful fight to keep Frank R. King off the school board.

Have Community Interest

McMillen was an honors graduate at the University of Illinois several years ago. He has taken a strong interest in community affairs, and owns and operates a large farm here. He is one of the top contenders for the heavyweight wrestling championship, and has given a great deal of time to this and other athletic activities.

Chase, who is a former president of the Channel Lake Community club and is active in various community enterprises, is a member of the state police organization.

White, who had been a member of the school board for several years, had been serving as president. Mrs. Osmond, also with several years' service, was secretary.

At an organization meeting held by the board on Tuesday, Arthur Maples, who was elected two years ago, was named president to succeed White. Mrs. Jean Ferris was made secretary.

Re-elect Minto Trustee

Attracting less attention of voters at the high school Saturday afternoon was the balloting for township school trustee. D. H. Minto present board member was re-elected without opposition for a three year term. Others serving on the three-member board are Otto S. Klass and Bert Edwards. The board of trustees appoint the treasurer to handle the school funds which is by far the largest public account in the township. George B. Bartlett, present treasurer, has served for many years.

Light Vote at Grade School

Due to lack of opposition only a light vote was polled at the grade school election where Joseph Horton was re-elected as board president and Mrs. Myrtle Klass and Mrs. Ida Kufalk as members. Horton received 37 votes, Mrs. Klass 39 and Mrs. Kufalk 40.

Holdover members are Robert Wilton, Elmer Brinkman, Arthur Hawkins and Mrs. C. L. Kutil.

Little Tots

Twenty-one pre-school and school age children, including four beginners from the Grass Lake district, were examined at the "Summer Round-Up," held at the Antioch Grade school last Wednesday under the auspices of the Parent-Teacher association.

Eight of the children were not immunized against smallpox, it was revealed, and six had had no diphtheria immunization.

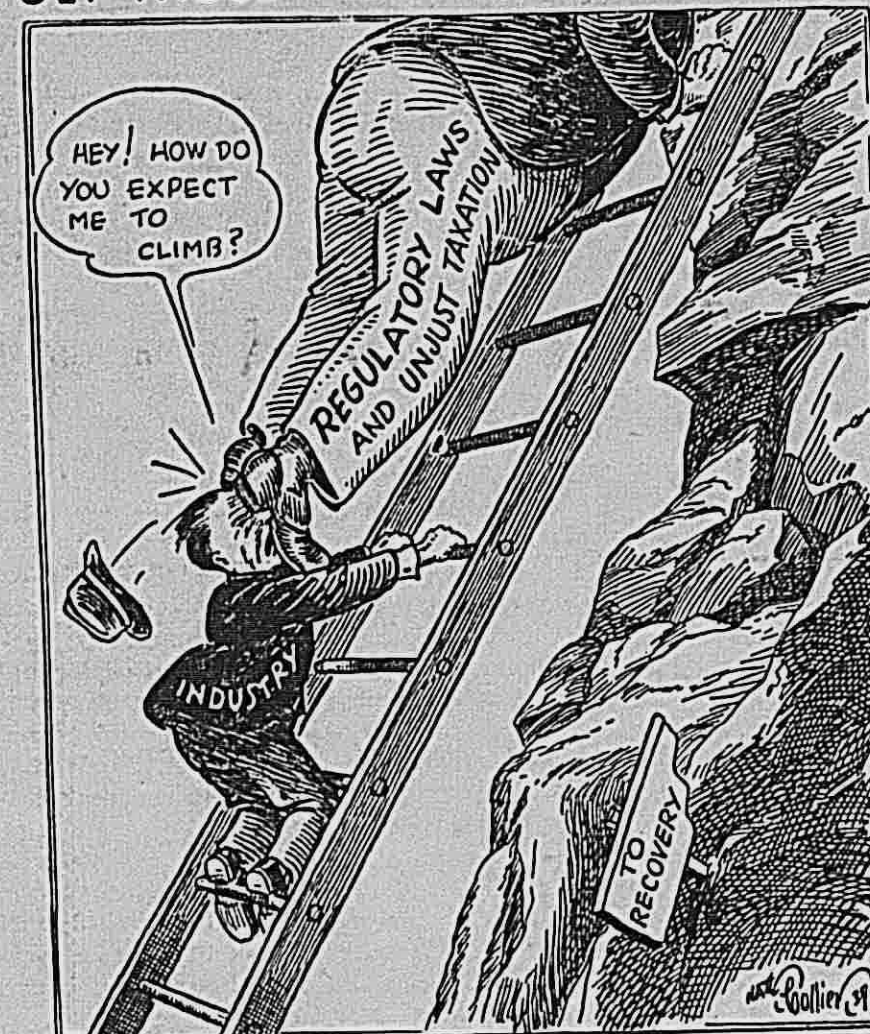

Dr. R. D. Williams of Antioch and Dr. Louis F. Waldman were the examining physicians, with Dr. L. G. Zimmerman as examining dentist.

The P. T. A. committee in charge consisted of Mmes. Lester Nelson, Carl Barthel and G. R. Bicknell.

GET THOSE FEET OUT OF HIS FACE

Arrange Floor Show for Community Party

A delightful floor show, featuring dancing and music, it to be one of the highlights of the "Community party" the Antioch Recreation association will sponsor Saturday evening at the high school.

Jerry Mills Adair is said to have consented to lend his services as master of ceremonies for this part of the entertainment, which is expected to be a strong drawing card.

Modern dancing on one floor and old-time dancing on another, with two different orchestras playing, will be another.

Exhibits, refreshments and prizes, as well as cards, are all expected to add their quota to a full evening's entertainment.

The event is open to visitors from other communities as well as from Antioch and neighborhood. Proceeds will be used for a summer recreation program here.

CANDIDATES GET SET FOR VILLAGE ELECTION APR. 18

Newcomers Oppose Veterans
for Places on Antioch
Village Board

With the smoke of the township and school board elections clearing away, voters can now get down to focusing their attention on the annual village election, to be held Tuesday, April 18.

Three newcomers are opposing veteran members of the village board in seeking offices as trustees.

They are Arthur Rosenfeldt, Cleve Vos and Elmer Rentner, on the Peoples' party. All are capable business-men who have been residents of the village for many years.

Opposing them on the Citizens' ticket are the veterans, F. O. Hawkins and J. B. Drom, candidates for reelection, and Otto S. Klass, a new candidate to succeed Robert Wilton, who has resigned.

Vote on Boxing

Voters will also be asked to pass on a special ballot as to whether or not professional boxing, sparring and wrestling matches will be permitted within the municipality. The Firemen's boxing-wrestling show has been postponed to April 28 pending the outcome of the decision.

The measure will have to have a majority of votes in order to carry, it is pointed out.

T. B. Association Aids in National Campaign

In an effort to give tuberculosis patients a fighting chance for cure, the Lake County Tuberculosis association is cooperating with the state and national associations in a nation-wide campaign to persuade people to take steps to find their disease earlier through modern methods of diagnosis.

The semi-weekly chest clinics of the Lake County Tuberculosis association are held on Wednesday and Friday mornings from 8:30 to 11 a. m. at St. Therese hospital, Waukegan.

New patients are requested to make appointments through the office of the association, Majestic 1805.

FIREMEN SET APRIL 28 FOR WRESTLING SHOW

McMillen - King Kong in
Wind-up of All-Star
Professional Card

Antioch, long the center of Lake county sports, will once again come into the spotlight's beam, when the local firemen present a big-time professional wrestling card featuring Jim McMillen, Antioch's favorite son, against the famous King Kong, bearded Abyssinian wild-man, at the High School Gym, Friday night, April 28.

For years Antioch was the meeting place of sports stars and sportsmen, but with the passing of the old Antioch Palace, the county sport scene shifted to other parts. Now one of the biggest athletic attractions of its kind ever to be presented in Lake county has been cinched by the local firemen, and sports eyes of the county will be turned in this direction.

To Settle King-Kong Feud

Neither King Kong nor McMillen need introduction to wrestling enthusiasts of the county, since their last summer's feud is still hot in the minds of fans hereabouts. Kong, who is the most hated matman ever to appear in this part of the country, will be remembered as the wild-man who battered Jim into submission with a rock in the Grayslake Arena and precipitated a near riot. Now Jim hopes to get revenge by bringing the match right into his own town.

But the McMillen-King Kong match is not all. . . . No, not at all, for another feature attraction will share the wind-up position on the great card. Ruffy Silverstein, recognized by many to be the uncrowned champion of the world, is coming to Antioch, too. He has been signed to go against one of the trickiest numbers in the sport today, Mr. Chin Lee, shifty-eyed sensation from China.

Oriental Is Cunning

This mysterious Oriental is as cunning as they come, and he is expected to offer the mighty little Silverstein plenty of opposition in their one hour time limit match.

Besides these two main events, a special bout has been carded which may steal the show. Over in the Far East jiu-jitsu is a sport and means of self-defense as well. Jiu jitsu is claimed by experts to be the most dangerous form of battle known, and two of the foremost jiu jitsu artists in this country have been scheduled to wrestle under their own rules. . . . everything goes. . . as a special feature of this card.

Hawaiian Champ Coming

Matty Matsura, direct from Japan and holder of the Japanese third degree jiu-jitsu rank, will match his knowledge of bone-breaking and nerve-numbing holds with Jerry Meeker, Hawaiian jiu-jitsu champion now on a nation-wide tour of the country.

Jiu-jitsu is described as the Japanese method of self-defense without weapons. The contestants wear "judo" jackets made of tough canvas, which enables them to secure more relentless holds than is possible in ordinary wrestling.

Three Amateur Boxing Bouts

In addition to the all-star professional wrestling, interest is growing in the three amateur boxing bouts the firemen are arranging to put on as an added feature. The contestants are to be chosen from among the winners in the recent high school boxing tournament.

Proceeds will be used to purchase new uniforms for the firemen.

Local Earners Invited to Job Insurance Meet

An invitation to all wage and salary earners in Antioch and nearby communities to attend a public meeting in Waukegan for the purpose of discussing weekly cash benefits for unemployed workers under the Illinois Unemployment Compensation act has been extended by Postmaster Joseph Daly, chairman of the meeting. The gathering will take place Monday evening, April 17, at 8 o'clock in the Waukegan High School gymnasium.

Services Are Held for Joseph Schwarm, 86

Funeral services were held in Waukegan Friday afternoon at 2 o'clock for Joseph Schwarm, 86, who died last Wednesday morning at the General hospital. Surviving are his sons, C. E. Schwarm, Gages lake; Robert Schwarm, McHenry, and M. L. Schwarm, Waukegan. He is also survived by a sister, Mrs. Olive Vickers, Waukegan. Burial was in Warren cemetery.

START CAMPAIGN FOR BEAUTIFYING LAKE COMMUNITY

Channel Lake Club Votes
to Plant Hardy Flowers
Along Highways

A campaign for "community beautification" was launched by the Channel Lake Community club at a meeting Monday evening in the Channel Lake schoolhouse.

The club voted to purchase a dozen spirea bushes to be planted on the school grounds on Arbor Day. It also voted to plant hardy flowers, mainly petunias, along the community's highways, wherever possible.

A prize of \$1.00 will be given to the home in the community which is judged to have the most attractive lawn this summer. Road signs marking the county highway from Gifford's hill to Buckley's gravel pit at Lake avenue will also be put up by the club.

Among the coming events the organization is to sponsor a spring party at Woodcrest Inn on Saturday, May 13. Dancing, cards and refreshments will be enjoyed.

Committees appointed for the coming year at the first meeting of the recently elected board of directors include the following:

Child welfare, Mrs. Russell Barnstable; community activities, Paul Chase; finance, Nicholas Zeien; membership, Thomas Runyard.

LOOK FORWARD TO "FIREWORKS" AT JUDICIAL MEET

Possibilities that a few minor political "fireworks" may be brewing are being hopefully reviewed in some quarters, in connection with the Seventeenth Circuit Court district Republican nominating convention to be held Saturday, April 15, in Rockford.

Lake county's 58 delegates are unimpaired. The same situation exists practically throughout the district, and candidates are enlisting support almost wherever they can get it.

McHenry county's 24 delegates, however, are believed to be instructed for William M. Carroll. Boone county has 11 delegates and Winnebago 50. In order to secure sufficient support, McHenry and Boone county candidates will have to depend upon votes from Lake and Winnebago counties.

Carroll Favored

Indications are that Carroll, former state representative and present state attorney of McHenry county, will receive major support from the Lake county delegates, and chances are more than even that the former assemblyman will be named one of the three G. O. P. candidates.

Others in the field include Ralph J. Dady of Lake county, William L. Pierce of Boone county, and Judge Gill of Winnebago, all of whom are at present sitting judges.

A. K. Stiles, Republican state chairman, is expected to attend the convention. William M. Marks of Lake Villa, chairman of the Lake County Republican Central committee, will head the Lake county delegation.

Opinion vs. an Experiment

An 11-man Senate committee begins study this week of one of the administration's "noble experiments." The Senators will hear, during their study, just what the public thinks of the experiment. And from all indications, the public doesn't think much of it.

The experiment in question is the National Labor Relations Act, which, for more than three years, has been the monkey wrench in the wheels of industrial peace. It has been condemned by labor, management and the public alike. Its only defender has been the administration and a minority group of labor.

What the Senate Committee will have under consideration are several proposals to amend the Act. The proposals have been lying around Congress for many months, but pressure from the Act's defenders have kept the question closed to consideration.

Now it has been brought out into the open by start of public hearings on the amendments by the Senate committee.

Everyone—or almost everyone—hopes the hearings will result in correction of this poorly drafted device of business-labor regulation at this session of Congress.

But whatever hopes may have been raised by start of hearings, they are not helped by the apparent attitude of some Federal officials who still think the Act should be left alone. These officials have expressed this contrary attitude by leaving labor act amendments off the "must" list of legislation for this session.

In the face of almost unanimous labor, management and public demand for correction of the labor law, the blocking of amendment by these Federal officials is tantamount to saying: "the public be damned."

The Club in the Closet

Included among the almost innumerable provisions of the original AAA was an item giving the President of the United States power to issue \$3,000,000,000 in "printing press money." In other words, the Chief Executive has authority to inflate the nation's money structure by simply ordering the government printing presses to start turning out more greenbacks.

Now the Congress is beginning to realize this is too broad a power to be left lying around Washington and wants to strip the President of this authority. The President refers to this as his "club in the closet." The Senate has called it a club that could be used to club economy to death.

Certainly this "emergency power" should be withdrawn. It is one cause (among many) for business un-easiness and economic insecurity for the nation.

It has been a long time since America burned its fingers on irredeemable greenbacks. The fiat money of the Civil War days is a good reminder, however. And so is the experience of the German people with its printing press money that followed the war. Remember? It took a bushel basket of marks to buy a loaf of bread.

Here It Is in One Sentence

(from the Cincinnati (O.) Times-Star)

Here's a one-sentence formula, from Chairman Sloan of the General Motors Corporation, for an "economy of abundance":

"More investment in better tools to make new and useful things at lower cost for sale at lower prices."

That is the dream of American industry, substantially translated into fact in the fabrication of automobiles and in a fair number of other lines. American industry pays the highest wages in the world because it has the best machine tools to work with. It has the best tools because of enterprise in management and native inventive skill.

Whoever makes a good article at a lower price or a better article at the same price benefits everybody. Whoever merely raises wages benefits a limited number; and even if every industry did so, less than a majority of Americans would benefit if increased wages resulted in increased prices.

And to extend and improve telephone service still further, they added more than five million dollars' worth of new telephone facilities!

These 23,844 people are the men and women of the Illinois Bell Telephone Company whose constant aim is to give you telephone service that is dependable, pleasing and cheap . . . the best in the world at the lowest possible cost!

48 YEARS AGO
March 23, 1891

Ye editor has been quite sick for the past ten days, which accounts for no paper appearing last week. Too much exposure at the fire and too much "grippe" afterwards is mainly the cause.

On Wednesday evening, April 6th occurred the marriage of Mr. M. Haynes to Miss Nellie Didama. The groom was becomingly attired in a suit of black broadcloth, while the bride wore a beautiful light brown satin dress.

As we go to press one day earlier than usual this week, we are compelled to omit the particulars of the Bierman & Gilfoy horse-trading suit which came up before Squire Huntington Tuesday.

John G. Whittier is quoted by the Danvers, Mass., correspondent of the New York Sun as saying "My writing days are over."

30 YEARS AGO

Mrs. Sara Ann Hook, mother of Elmer and Lorin Hook of Antioch, passed away at her home in Waukegan Tuesday morning.

Jack Stewart, Hebron, has disposed of his livery business to Harvey M. Mann of Antioch, taking in exchange therefor a farm east of Antioch.

The Wisconsin Central railroad is henceforth to be known and operated as a division of the Minneapolis, St. Paul and Sault Ste. Marie (Soo Line) railroad.

J. J. McMahon, Lake Villa, went to Chicago to attend a wrestling match for the world's championship between Frank Gotch, the American champion, and Yussif Mahmoud, the Turk, for the World's championship, which was won by Gotch.

Army Completes Test of New Drill Routine

The United States army general staff will decide Saturday on proposed adoption of a revised drill routine now being tested at Fort Benning, Ga., marking the first departure from the Prussian marching order as introduced into Washington's army by Baron von Steuben. Under the proposed routine, the rifle is carried during ceremonies at "slung arms," as shown above. To march to its flank, the above platoon would simply execute a face to the right or left and march off, instead of executing squad movements. Basis of the new drill is a squad of variable size.

Who knows most about
Building cars?

Ford has built more than
one-third of all the automobiles
ever built in the world

Look at these
FORD FEATURES

THERE are more Ford cars in use today than any other make. And there are more Ford V-8s than any other 8-cylinder car.

The 1939 Ford V-8 represents the broadest experience in building cars any manufacturer ever had. You will find values in it far beyond what any other maker can put into a car at the low Ford price.

Ford performance, traditional for a generation, has reached new heights in the 1939 V-8.

And now Ford style leadership is equally outstanding. "The smartest cars on the road" is the way owners describe their new Fords. Smartest in action. Smartest in appearance. Leaders, as they deserve to be.

FORD V-8

APRIL IS FORD INVITATION MONTH! Your Ford dealer invites you to drive America's most modern low-priced car. Make a date for a new experience.

Unhappy Recollection
Unpleasantest recollection a girl may have is that her father and mother told her that the man she was going to marry "was no good," and that they were right.

Constipated?

"For 30 years I had constipation, awful gas bloating, headaches and back pains. Adlerika helped right away. Now, I eat sausage, bananas, pie, anything I want. Never felt better." Mrs. Mabel Schott.

Replicas of Famous Diamonds in Display

The fabulous Hope blue diamond that belongs to Evelyn Walsh McLean of Washington, D. C.; the Great Mogul, the Kohinoor, the Orloff and the Shah of Persia are among the famous diamonds shown in replica in a window of the C. S. Hubbard jewelry store, Kenosha, as part of a display that has been attracting much attention.

The replicas are exact reproductions, both as to size and color, of these famous stones.

The display is being held in conjunction with a "guessing contest" the store is conducting this week, through this Saturday.

"Beware of Rackets" Is Warning of Merchants

With a new crop of rackets and schemes seeming to flourish each spring, this has been considered by Antioch merchants as a timely date to warn residents of this community to be on their guard against enterprising strangers who would sell "something for nothing."

Among the many rackets which have flourished in various parts of the country and victimized a large number of trusting buyers is one recalled by Ed F. Vos.

The man who carried it on successfully for years used to provide himself with a number of tanks or barrels, buy up a quantity of used motor oil

at a very minor expense, add creosote or some other impressive-smelling ingredient, and sell the stuff to farmers as a water-proof coating for roofs. He then left for newer and greener pastures.

The scheme had only one disadvantage. It had to be worked in dry weather. A good rain would wash off the "waterproof" covering immediately.

Millburn Aid Honors 80-Year-Old Members

Five honorary memberships were conferred by the Millburn Ladies' Aid society on women who have passed their eightieth birthday anniversaries, at a meeting held last Thursday afternoon.

Those honored were Mmes. J. H. Bonner, George Edwards, D. B. Webb, Jessie Low and C. E. Denman.

The meeting followed a noon dinner held at the Millburn church under the auspices of the Aid society.

Hold Dogs at Gages Lake Under Observation

Dog owners at Gages Lake were obliged to make plans for keeping their pets tied up and under observation for the next month when a dog belonging to Harry Tower was taken to a veterinarian for treatment and was found to have rabies. The dog, with others in the neighborhood, was believed to have played with one that was destroyed several weeks ago when it was tested for rabies.

Thefts Being Sought

A former hired man was being sought this week in conjunction with the reported disappearance of \$95 in cash from a cedar chest in the George White home last Friday.

A young boy doing odd jobs at the Renchan resort, Round Lake, is also

the object of a search by Lake county deputy sheriffs.

A wrist watch set with chip diamonds, another watch and jewelry, totaling about \$400 in value, and \$150 in cash were missing from the resort Friday. George Renchan, owner, was away on business for the day and Renchan had gone to church service leaving the place in charge of youth. On her return she found cash, jewelry and boy all missing.
